EDUCATIONAL INSTITUTIONS. Following is a continuation of THE TRIE-

CNE's descriptive list of private educational institutions

Rutgers Cellege, Nos. 487, 489, and 491 Fifth-ave., after 30 years as an Institute, received it Collegiate charter

in 1867. The object aimed at in rechartering the institu-

tion, with all the rights and powers of a college, was to afford to the citizens of this city and its vicinity the

means of giving their daughters a collegiate education

equal to that furnished to young men in similar char-

tered institutions. The course of study covers four ears, and when pursued in full entitles the student to

graduate with the college degree of A. B. At the same time, partial courses may be taken by any not desiring

and provides instruction in all the branches of an ordi-

Misses Marshall's school for young ladies and children s at No. 250 West Thirty-eighth-st. The course of instruction is practical, including all the branches of an English and French education, and each department is under the supervision of the principals. Especial care is given to the primary department. English is the language of the school. Private lessous are given to ladies who wish instruction in special branches. A limited number of boarding pupils are received at \$400 per annum. Terms, English and French per quarter: Sentor department, \$20 to \$10; primary, \$13 to \$10; primary, English alone, \$8 to \$12.

[Cardner Institute for young ladies, You see Publish.] English and French education, and each department is

Gardner Institute for young ladies, No. 620 Fifth-ave., was founded in 1858, and is now one of the oldest schools n the city. The principals are the Rev. Dr. and Mrs. in the city. The principals are the Rev. Dr. and Mrs. C. H. Gardner. The course of study includes a primary, junior, middle, and senior department. The common English branches are pursued during the entire course. The mathematical and scientific course is similar to that of American colleges. The art department is under Prof. Frost Johnson. The number of readent pupils is limited, and the terms are \$750 a year. The charges for day pupils vary from \$200 to \$75 per annum, according to the class.

The Kindergarten, No. 15 West Forty-second-st., will egin its 14th year Sept. 24, Miss E. M. Coe, Principal. The usual elementary branches are taught in connection The usual elementary branches are taught in connection with a course of object lessons. The "word method" is used in teaching children to read, and spelling is made a specialty. A carriage is sent for pupils when desired. Turns from \$30 to \$50 per session, according to age. In connection with her kindergarten, Miss Coe has private recitation rooms for young ladies, with facilities for the pursuit of any study in English, music, or the languages. Turns of tuition, \$50 to \$100 per half-yearly session. cludes a classical and scientific course. The art school of the college occupies a large and well-lighted apartment, and is in charge of a teacher trained in the National Academy of Design, and the same methods are in

use. The higher classes visit the best art galleries and beingtific museums of the city. The rates of tuition in the four college classes, covering instruction and lectures in the Euglish, Scientific, and Mathematical Yonkers Collegiate Institute, a boarding and day school for young ladies and children, at the former residence of Dr. Arnold, Yonkers, N. Y. The course of study ourse, as well as Latin, Greek, French, and German, wence of Dr. Arnoid, Yolkers, N. Y. The course of study will be extensive and thorough, giving much time and special attention to spelling, reading, writing, and arithmetic, as also to speaking and composition. The primary department will be made a specialty. S. J. Jackson, the Principal, will be assisted by competent toachers in English, the languages, music, and the arts. Terms: family pupils, \$50 per annum; day pupils, \$50 to \$175 per annum, according to department. versity, was established with the design of instructing methods and means of instruction are substantially the as those pursued in the Universities of Europe in

The Franco-American Institute, No. 652 Astor-row, is now in its 9th year. The school, designed for boys from 6 to 20 years of age, combines an English and classical An important feature of the school is the moot nation. An important feature of the school is the mooth courts. Questions or causes previously given out are argued by four of the students. These questions or causes are either taken from, and designed to illustrate, once vexed points arising in the lectures, or they are eal causes pending before the Supreme Court or Court of Appeals. No examination and no particular course of reviews study are necessary for admittance. The law chool includes three terms annually. The fee required where the student pays by the single term is \$50; where a pays for the whole course in advance, \$130. The prace found at the student pays by the accommodations offered, rom \$4 to \$7 per week. 6 to 20 years of age, combines an indican education, with a practical use of the French language. One of the important features of the school is that each pupil is individually taught how to study, a certain time being set apart for this purpose. The terms of tuition vary from \$100 to \$250, according to age. A warm lanen is provided dully for pupils desiring it, at \$50 n year. Six resident pupils are received at \$400 per year, in addition to the tuition fees.

Misses Clarkson and Bush, graduates of Vassar Colege, have an English and French boarding and day school for young ladies, at No. 309 North Broad-atschool for young ladies, at No. 309 North Broad-st., Elizabeth, New-Jersey. The principals are assisted by competent professors and teachers of French, German, clocution, and drawing. Prof. Meyer of Rutgers College has charge of the German department. The number of boarding pupils is limited in order to give them the conforts of a home. An important feature of the school is the fitting of students for any class at Vassar College. Terms are \$400 per annum. aliding is attractive and commonious, with accommo-tions for 20 boarders and 129 day pupils. The course istrady, which is the result of 30 years' experience in aching young ladies, embraces three divisions, the rimary, Academic, and Collegiate, each of four years' aration. A post-graduate course has been formed for oung ladies who have finished their studies at school, at who wish to continue their reading in the direction history, higher mathematics, literature, &c. Special ivantaces are furnished young ladies who wish to pre-stre as teachers of the higher mathematics and English.

Rocky Dell Institute, J. H. Hurlburt, Principal, is a amily school for boys at Lime Rock, Conn., 100 miles from New-York. The institution has accommodations from New-York. The institution has accommodated for 20 students. Pupils fitting for college pursue the studies required in the institution they desire to enter. The business course includes the ordinary English branches, with higher mathematics, philosophy, chemistry, physical geography, rhetoric, composition, penmanship, bookkeeping, and elecution. The school year is divided into three sessions. Terms, \$125 per session. Harrison Polytechnic School, an English and scientific

onservatory of music, No. 336 West Twenty-ninth-st., school, with classical department, is at No. 77 West d by seven professors and teachers. The object of institution is to educate the business man, the mertal, and the engineer. The prevailing method of inction is the Pestalozzian. A Kindergarten' is considered with the institution. The course of study includes German, Euglish, and French, drawing in all its iches, modeling, mathematics, geography, natural ory and philosophy, bookkeeping, penumanship, spell-composition, history, singing, light gymnastics, ing, and all kinds of needlework. The rates of the vary from \$40 to \$100 per annum, according to the s. No extra charges for books, stationery, &c. Forty-fourth-st., corner of Sixth-ave. Instruction is given in mathematics, natural sciences and commercial subjects. Careful attention is given to physical and vocal culture. Lectures on scientific topics are given semi-weekly. Modern methods of instruction, inclusive of those common to the German Kindergarten, are em-ployed in the primary department. Bates of inition vary from 80 to 8300 per year, according to studies.

Miss Ballow has had an English and French school for young ladies and children, at No. 24 East Twenty-secondst., for more than 20 years. She has educated the ttending the Hopkins Grammar School. The buildings mothers of a number of her present pupils. The average attendance is from 80 to 100. The course of instruction is thorough, including all the branches of an English education, with French and Latin. Young ladies who have completed a regular school course, and desire instruction in special branches only, are received upon suitable terms. Terms are: Senior department, \$200; Junior, \$150; Primary, \$100 and \$75 per annum.

John MacMullen, A. M., who has taught for more than thirty years in this city, will continue his French and English school, No. 1,214 Broadway. This year be will English school, No. 1,214 Broadway. This year he will limit his school to 40 boys, with one teacher for every 10 pupils. The course of study includes preparatory, junior, and senior departments. The principal will receive a few boys into his family, at his residence at Washington Hights, where they will enjoy almost all the advantages of the country. Terms, 4500 for the school year, apart from the price of tuition, which ranges from \$500 to \$400.

The Misses Parmleys' English and French boarding and day school for young ladies and children is at No. 231 Washington-ave., Brooklyn. The course of instruc

rorner of Thirty-fourth-st. is a new institution. The plan of this school embraces a course in all the subjects is usually included in a liberal education, whether English, classical, or scientific; and its object is to prepare students for any multitution of learning in this country; or, if they are to go immediately into business, to give the preliminary education best adapted to that purpose. Parents may select any special course for their sons. A prominent feature of the institution will be the written examinations. Terms vary from \$1.55 to \$200 per annum, according to class. Spanish, German and Italian at professor's charges. education in the elementary and advanced English studies, in the Latin, French, and German languages, and in drawing. In the social arrangements of the school there is no occasion on which showy dressing is appropriate. The terms, for boarding and tunion, are \$300 per year. Vocal and instrumental music, \$20 per quarter of school year.

The West Side Business College was opened last Febtion given in land, 160 acres, by President John Adams, It was provided in the deed "that all the future rents, ruary, at Sixth-ave. and Twenty-third-st., opposite Booth's Theater. The objects of the institution are to supply a thorough education for the counting-room, by a regular course of instruction and practice combined, It was provided in the deed "that all the future rents, profits, and emoluments arising from said land, be applied to the support of a school for the teaching of the Greek and Latin languages." &c. The academy is under the management of William Reynolds Dimmock, LL. D., late Professor of Greek in Williams College. To be admitted, boys must be 15 years of age, and well prepared in the usual studies of granumar schools. The regular course of study occupies four years, and enables the pupils to pass at Harvard. The number of pupils is limited to 100. All expenses will not exceed \$450 a year.

William William Behool for young ladies and children, at No. 250 Cimton Behool for young ladies and children, at No. 250 Cimton a regular course of instruction and practice combined, and to furnish to gentlemen and ladies, who cannot take the regular course, private or separate instruction. Terms—Full graduating course, one year, \$100; partial course, six months, \$75; three months, \$50.

Fezandie's Institute for young gentlemen, at No. 37 West thirty-third-st., includes primary, commercial, classical, and scientific departments. Students are prepared for college, naval and military academies, engineering and mining schools. Although French is a special branch in the school, the various English studies are taught. A limited number of boarders received at \$500 and \$600 a year. Terms for day pupils from \$100 to \$250, according to class. School for young ladies and children, at No. 370 Clinton-

st., Brooklyn. Mr. Reid, who was for 17 years principal of the Newburgh Academy, has had 30 years experience as a teacher. The building has ample accommodations for eight bearders and 150 pupils. The course of study will include the usual English branches, modern languages, natural science, drawing, painting, vocal and instrumental music. A systematic course of drill and exercise, to secure a healthy mental and physical development, will be an important feature of the school. Terms for boarding pupils, \$500; day pupils, \$500 to \$100 per year, according to class. Mr. Hammond's select school for boys is at No. 692 Sixth-ave., near Reservoir Park. Instruction is given in arithmetic, book-keeping, geography, history, physiology, composition, rhetoric, declamation, and drawing, special care is given to students preparing for collegiate courses, classical or scientific. Daily exercises are given in light gymnastics. Terms vary from \$75 to \$25 per amoun, according to age and studies. No extra charge is made for German or French. The Shrewsbury Model School, upon the Kindergarten system, is at Red Bank, N. J., eight miles from Long

Miss Warren claims for her school for boys, Sixth-ave... branch. The scope of the school includes young misses of 15 or more years as well as smaller children, and the course of study comprises all the English branches, as well as music, inaquages, drawing, dancing, and horse-manship. Among the new features of the school will be a French class, free to beginners, and one or more studies conducted in the French language for the more studies conducted in the French language for the more studies conducted in the French language for the more studies conducted in the French language for the more studies conducted in the French language for the more studies conducted in the culinary art to resident pupils. Boarding pupils limited to 12, at \$400 a year.

The Donal German-American Jestitute. between Forty-first and Forty-second-sts , equal advar tages and quite as much discipline as is found in any school for the same sex. Every boy is taught French and drawing. German and Latin are optional. No extras are charced. Gentlemen professors have charge of the higher departments and elecution. Music is taught by
